### **Community School Payment Report and Data**

The October payment report is a comprehensive tool designed to walk the user through every step of the funding formula and shows the payment calculations. This report is commonly known as the School Finance Payment Report (SFPR).

- Updated **FY2018** enrollment data provided as of September 25<sup>th</sup>, 2017 through the EMIS data collector and SOES are used for the following funding categories:
  - Opportunity Grant
  - Targeted Assistance
  - Special Education
  - Limited English Proficiency

  - K-3 Literacy

- Career tech funding is based on the CTA course data entered in the FY2017 EMIS records and the matching FY2017 career tech data entered in the SOES system.
- The targeted assistance per-pupil amount and economically disadvantaged index still reflect the resident district's most recent FY2017 data.
- Transportation payments are still based on actual data submitted through SOES in FY2017 for community schools that provide direct transportation to their students.
- FY17 Final #1 deductions that were calculated for some schools and spread over the course of one or more fiscal years will continue to impact settlement reports.
